## PROFILE SUMMARY

Highly motivated self-taught frontend web developer with skills in HTML5, CSS3, TailwindCSS, JavaScript ES6 and above, and ReactJS. Proficient in building responsive and interactive web applications. Proven management experience, with excellent communication and problem-solving skills.

## EDUCATION

- 2023 - 2024  
AVE MARIA UNIVERSITY-  
NASARAWA
- IJMB

## WORK EXPERIENCE

**Rev** 2019-2020  
Transcriptionist

- Provided accurate and well-formatted transcriptions for audio and video files across various subjects, including interviews, podcasts, meetings, and general content. Demonstrated strong listening skills, attention to detail, and the ability to work with different accents and audio qualities. Delivered projects within tight deadlines while maintaining high accuracy and adhering to Rev's style guidelines. Successfully managed multiple tasks independently and consistently met quality standards.

## SKILLS

- HTML 5
- CSS 3
- JavaScript ES6 and above
- ReactJS
- TailwindCSS
- Git & Github

**Alphabet Multimedia** 2021 - 2022  
Field Supervisor

- Supervised daily operations in a fast-paced printing environment, overseeing sticker design/printing, box production, logo creation, and various custom print jobs. Coordinated workflow between designers and production staff to ensure accuracy, efficiency, and on-time delivery. Conducted quality checks, managed materials, resolved on-site issues, and ensured all client specifications were met. Worked closely with management and team members to maintain smooth operations and high customer satisfaction.
